Please note: There can be many factors that can influence a vehicles height. All heights are used as a guide only.

Heavy duty (H kits) are designed to have minimal or light accessories fitted. For example Alloy Bullbar only.

Extra Heavy duty (J Kits) are designed to have weight evenly spread across the vehicle. For example Heavy accessories, such as a Steel Bullbar, Winch, Toolboxes etc fitted to front and rear. These kits require a Constant load

** Heavy Duty with Front accessories (JH Kits) are required to have at least a Steel Bullbar fitted to the vehicle. These Kits contain constant load front coil springs

NOTES

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

WARRANTY

All Drivetech 4x4 parts are warranted against defects in workmanship or material for a period of 12 months or 20,000kms from the date of sale, whichever ever occurs first, unless otherwise stated. Drivetech 4x4 parts found upon examination by an authorised Motospecs representative to be defective in material or workmanship will be replaced by Motospecs. The cost of returning parts under this warranty must be borne by the customer and must be pre-paid. In order to make a claim under this warranty, the faulty product, proof of purchase and the reason for or details of the failure must be provided to Motospecs.

This warranty does not cover damage by misuse or improper installation, or liability for labour charges or consequential loss or damage incurred as a result of the failure of a Drivetech 4x4 part.

FOR GOODS PURCHASED IN AUSTRALIA ONLY

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

COPYRIGHT NOTICE

Motospecs, a division of GPC Asia Pacific Pty Ltd ABN 97 097 993 283 is the owner of copyright in this publication, including layout, drawings, photographs, text and part number systems. No part of this catalogue may be reproduced or copied in any form or by any means without the prior written permission of Motospecs.

This catalogue has been prepared for the Australian market. Due to vehicle production changes and supersessions, you should ensure that the part you are selecting is suitable for your application.
