ACCESSORIES

3" Work Lights

Drivetech 4x4 has added two new LED lights to their Accessories range. The handy 3" Work Lights are available in either a Spot or Flood Beam configuration.

These versatile lights can be used in various applications such as:

- Four wheel driving
- Reverse lights
- Fog lights
- Caravaning and camping
- Cargo area lighting in utes
- Trailer lights for loading and unloading at night
- Mounting on roof racks

Product features:

- 4 x 5W LED's
- Colour temperature 6,000K
- Stainless steel adjustable mounting bracket
- Waterproof rating IP67
- 3" Square design allows the light to fit easily in tight spaces
- **DT-LEDWL3F:** 3" LED Working Light - Flood
- **DT-LEDWL3S:** 3" LED Working Light - Spot
