ENGINE MOUNTS

The Australian and New Zealand car parc is changing quite rapidly with many different models being released each year. Kelpro now has over 1900 mounts in the range with new mounts being added each month to keep up with market changes.

Vehicle and engine technologies are changing and with room under the bonnet becoming more confined, it's more important than ever to check and replace worn engine mounts to ensure rider comfort. Undiagnosed engine mounts that are faulty will cause vibration through the vehicle causing discomfort for the driver and passenger.

WHEEL BEARING KITS AND HUB ASSEMBLIES

Kelpro has over 570 Wheel Bearing Kits and Hubs Assemblies in the range to suit over 3000 individual vehicle applications.

Kelpro kits all contain bearings, seals and all necessary hardware needed (e.g. split pins, lock rings, circlips, gaskets etc). Bearings and seals are sourced from major manufacturers worldwide. All Kelpro 4WD Bearing Kits have Japanese manufactured bearings included in the kits.

Kelpro Wheel Bearing Kits and Hub Assemblies are covered by a 2 year / 40,000km national warranty.

POWER STEERING HOSES

The Kelpro Power Steering Hose range has over 60 hoses available that suit most popular vehicles on the road today including late model vehicles such as FG Falcon and VE Commodore.

Kelpro Power Steering Hoses are covered by a 2 year / 40,000km national warranty.

CENTRE BEARINGS

Centre Bearings are an important part of the driveline to provide a comfortable ride free of vibration. Kelpro's comprehensive ever growing range currently has over 40 driveshaft centre bearings to suit most popular vehicles on the road.

Kelpro Centre Bearings are covered by a 2 year / 40,000km national warranty.

CV BOOTS KITS

Kelpro has over 140 CV Boots in the range covering most popular vehicles on the road today. Torn CV boots are a common issue with FWD vehicles. All Kelpro boots are direct fit ensuring ease of fitment.

Kelpro Boots Kits are covered by a 2 year / 40,000km national warranty.

STEERING RACK BOOTS

Kelpro has over 90 Steering Rack Boots in the range to suit most popular vehicles on the road today. All Kelpro boots are direct fit ensuring ease of fitment.

Kelpro Boots are covered by a 2 year / 40,000km national warranty.

DRIVESHAFT COUPLINGS

Quality rubber Driveshaft Couplings to suit many different makes and models including Falcon and Commodore are sourced from major OES manufacturers in Europe. Kelpro only uses the best quality couplings to ensure driveline vibration is kept to a minimum.

Kelpro Driveshaft Couplings are covered by a 2 year / 40,000km national warranty.

OIL SEALS

The Kelpro Oil Seal range comprises of over 1000 individual seals making the range one of the largest in the Automotive Aftermarket. The Kelpro Oil Seal range comprises of Engine, Axle and Transmission Seals.

Over the last 10 years as Engines have been engineered to generate more speed, this in turn has created more heat in the engine. It has become very important for oil seals to be supplied with high temperature and high speed material specifications such as DuPont Viton®, Silicon and Poly (Polyacrylate) materials.

Repairing leaking Camshaft, Front Crankshaft or Rear Crankshaft Oil Seals can be a costly exercise. The latest range of Kelpro Oil Seals only uses exact OEM material specifications in all Engine and Transmission Oil Seals for vehicles applications from around 1996.

Kelpro also has a range of genuine OEM Rear Crankshaft Seals available.

Kelpro Oil Seals are covered by a 2 year / 40,000km national warranty.

PEDAL PADS

Kelpro has over 80 Pedal Pads in the range.

Pedal Pads are a safety item and registration inspections in most states of Australia have regulations regarding replacement of worn rubber pedal pads.

Kelpro Pedal Pads are covered by a 2 year / 40,000km national warranty.

POWER STEERING PUMPS

Kelpro has over 30 new Power Steering Pumps and 9 pulleys in the range to suit most popular vehicles on the road today.

Kelpro Power Steering Pumps are covered by a 2 year / 40,000km national warranty.

STRUT MOUNTS

The Strut Mount is a crucial part of your suspension. A failed Strut Mount can cause vibration, "clunking" noises and wheel alignment issues.

Kelpro has over 120 Strut Mounts in the range.

Kelpro Strut Mounts are covered by a 2 year / 40,000km national warranty.

SUSPENSION BUSHES

Kelpro has over 1000 Suspension Bushes in the range.

Rubber Bushes are manufactured to exact OEM specifications and are designed to give comfort and a soft ride through the car's suspension system.

Kelpro Suspension bushes are covered by a 2 year / 40,000km national warranty.

SUMP PLUGS AND WASHERS

Kelpro has over 100 different Sump Plugs and Washers in the range including many different styles.

Standard Type Sump Plugs

Oversize Sump Plugs

Used when existing threads are stripped or damaged.

Guide Point Sump Plugs

Used by many OEM manufacturers for late model vehicles. Used for alignment and helps in reducing cross-threading.

Piggy Back Sump Plugs

These plugs are also oversize but have a main plug that is installed into the old thread. The oil is drained through the smaller secondary plug. Piggy Back Plugs are also used when you can't re-use the original thread.

Magnetic Sump Plugs

These plugs are used to remove foreign metal particles that circulate through the lubrication system.

WINDOW LIFTS AND SWITCHES

Kelpro has over 470 Window Lifts and over 40 Window Switches in the range to suit most popular vehicles in Australia and New Zealand. Whether through wear and tear or as a result of a collision, window lifts that don't operate correctly can be a real problem for drivers and passenger. Kelpro Window Lifts are direct OEM equivalent and workshops can fit these with confidence.

Kelpro Window Lifts and Switches are covered by a 2 year / 40,000km national warranty.
