

Addition to Range

Technical Information

Date: March 2012

ZF-LIFEGUARD

FLUID 7

Suitable for Mercedes Benz
7 Speed Transmissions
(722.9 Series*)

**Note: Does not suit vehicles fitted
with Stop-Start technology*

ZF-Lifeguard Fluid is a synthetic, heavy
duty oil.

Subjected to extreme testing, ZF-Lifeguard
Fluid guarantees maximum performance of
the automatic transmission. The wear of
heavily loaded components are minimized,
due to the specifically matched oil which
extends the service lifespan of the
components.
